

Compliance Monitoring Solution for Disney

Compliance Monitoring System Setup

Customer Situation

- Disney is looking at Compliance monitoring solution for their various channels
- Commedia was involved in Design and setup of the Compliance Monitoring system

Challenges

- Commedia had to ensure multiple activities like TS and SDI monitoring for all Disney existing and upcoming channels
- Transition from normal SDI compliance monitoring to complete uplink and downlink chain monitoring
- Disney wanted multiple things like multi-viewer, internal network related monitoring, TS monitoring for all the existing channels

Actions Taken

- Complete study of the Compliance monitoring requirement
- Commedia offered industry trusted compliance monitoring solution which gave the customer complete flexibility for the different kinds of monitoring that they wanted.
- Commedia ensured the complete solution was implemented with a Video Wall which ensured the broadcast and the revenue teams easy access to the network

Results and Benefits

- Implementation of the entire solution within customer specified timelines.
- Single monitoring platform for all the services with multiple purposes.
